

## **OVWRC TENDER 2017-02 ADDENDUM # 1 - April 11<sup>th</sup>, 2017**

### **Bulky Waste Processing (Grinding)**

In response to questions received regarding OVWRC tender 2017-02 Bulky Waste Processing, the Ottawa Valley Waste Recovery Centre (OVWRC) is issuing the following addendum as clarification. This Addendum does not, in any way, alter the terms or specifications described in the tender document.

- Sorting of the bulky waste pile by the successful tenderer is not permitted. OVWRC will make every effort to ensure the material in the bulky waste pile is source separated and as free of large scrap metal items as possible; however the bulky waste pile is to be ground as is, in its entirety.
- The use of water in the grinding process is permitted
- OVWRC will not provide water, use of equipment to aid watering, or use of onsite water sources to the successful tenderer.
