

# Construction, Demolition and Renovation Materials

**Sorted**  
Sorted Loads of One  
Material Type  
**\$75/tonne**

**Drywall**  
(Unpainted, free of  
wood, tiles, etc.)

**Concrete**  
No larger than 4 ft x 4 ft,  
must be unpainted and  
free from rebar or other  
metal.

**Clean Wood Waste**  
Unpainted/untreated  
dimensional lumber  
(i.e. 2 x 4), Plywood/  
Chipboard/Fibreboard,  
Pallets

**Dirty Wood Waste**  
Painted/stained/  
pressure treated wood,  
wood flooring, wood  
furniture & doors  
(minimal metal)

**Shingles**  
Shingle paper & nails  
do not have to be  
removed. Free of  
plastic, wood, etc.

**Unsorted Construction &  
Demolition (C&D) Waste**  
(SPRING/SUMMER/FALL –  
dates are weather dependent)  
**\$175 per tonne**  
(Mixed loads containing at  
least 60% C&D Materials that  
can be reasonably sorted by  
OVWRC staff)

**Unsorted (Mixed)**  
Drywall  
Wood Waste  
Scrap Metal  
Concrete  
Cardboard  
**NO SHINGLES**

Cannot be sorted  
by staff – load is  
sent to landfill  
**\$225/tonne**

**Contaminated  
Loads**  
Landfill loads  
which contain  
construction and  
demolition  
materials (i.e.  
drywall, concrete,  
*clean* wood waste,  
shingles) and other  
recyclable  
materials  
(cardboard and  
scrap metal)  
**\$225 per tonne**

**Landfill**  
**\$90 per tonne**  
Asbestos siding & shingles  
Carpet  
Ceiling tiles  
Countertops  
Housewrap  
Insulation  
Insulation bags  
Laminate flooring  
Plastic pipe (i.e. ABS)  
Railroad ties  
Toilets  
Vinyl siding  
Wooden windows w/ glass  
Wooden door w/ glass  
**Loads must be free from all  
C&D and recyclable  
materials.**

**Scrap Metal**  
No Charge

**Cardboard**  
No Charge

**NOTES**  
This flowchart is reflective of 2017 Tipping Fees  
Loads **MUST NOT** contain hazardous or electronic waste.  
Asbestos insulation requires special disposal and pre-approval.
