Laboratory Analysis Provided on Soil Yes No

The customer understands and acknowledges that the waste material must be completely described and chemically characterized so that the waste can be handled properly and safely. The customer understands and acknowledges that the failure to properly describe the waste material could result in the need for Ottawa Valley Waste Recovery Centre to incur expenses (e.g. administrative, professional, legal, regulatory penalties, fines, orders) in order to properly dispose of the waste and to comply with the applicable legislation. The customer agrees to indemnify Ottawa Valley Waste Recovery Centre for all costs that arise from the misrepresentation of the waste material.

I hereby certify that the waste material to be deposited at the landfill site meets ONTARIO MINISTRY OF THE ENVIRONMENT REGULATION 558/00 criteria as a solid, non-hazardous waste and that this waste was generated within the Renfrew County.

Dated this _____ Day of _____ 20 _____

Authorized Signature _____ Title _____

FOR OFFICE USE ONLY

Laboratory Analyses Received: Yes No Approved By: _____

Material to be used for: Daily Cover Final Cover Landfill-Not acceptable for contaminated soil

Notification to Landfill: Yes No Staff Notified: _____
